PETERBOROUGH CATHEDRAL

WHAT IS PETERBOROUGH 900?

In 2018 Peterborough Cathedral will celebrate the 900th anniversary of its current building. To mark this exciting milestone we have plans to ensure that the Cathedral continues to be a vibrant presence at the heart of the community. The development plans will create opportunities for many more people to have access to our rich heritage, music and worship.

The Peterborough 900 Corporate Partnership gives the business community a unique way to support these development plans and thereby enhance the cultural and economic life of the city and its surrounding area.

WE NEED YOUR SUPPORT TO MAKE THIS HAPPEN.
