About our Ukraine Welcome Network

Peterborough Cathedral has partnered with Citizens UK and is committed to finding up to 50 hosts in the Diocese of Peterborough and the surrounding area, for families fleeing the war in Ukraine. As the war continues, it is expected that the need to find places of safety will also continue.

The government has confirmed that it will continue the monthly support payment for hosts for up to one year.

Together with Citizens UK, we have put in place a robust matching process to try to ensure that the outcome for both hosts and guests is a great success. The Cathedral has also appointed a Project Coordinator to help hosts and guests through the matching, arrival and settlement process.

Could you be a host?

Please consider whether you could become a host. Guests may come in various group sizes from 1 to 6, and therefore the space needed can vary from a room in a shared house, to a house or apartment in its entirety.

If you think you may be interested and would like to have an initial discussion, please contact us using the details below.

Likewise, if you think that you know someone who may be interested, please pass this information on.

What we offer

- Rigorous procedures for data protection and safeguarding
- A multistage, 100% confidential matching process
- Pre-arrival and post-arrival advice for both refugees and hosts
- Advice on essential home rules, referring to Care Zone for support if needed
- Booking free flights for refugees (in most cases)
- Post-arrival care for easier integration
